"APC has some of the best service I have seen and used for both home and business. He is always punctual, professional and genuine."

Ryan Muggleton

"We use APC Plumbing for all of our general plumbing needs right up to our clients full bathroom, kitchen, laundry renovations. APC Plumbing is our go-to plumbers for all of our property management portfolio. It was their honesty, very reasonable prices and professional/prompt service that made this decision easy for us. We always feel secure in that they keep the property owner's costs in mind and our obligation to ensure we give our clients quality plumbing work at affordable prices"

Jacqui Banfield - Property Manager

"As the owner of a self-managed investment property, it is essential to be able to seek and utilise services who will be prompt, reliable and offer a fair price for their services. APC Plumbing and Gas have been all that and more.

From the time our tenants made contact with us about a leaking hot water system, to the time APC Plumbing and Gas attended the site, was approximately 2 hours. We were provided with an excellent quote to fix the problem straight away. The work was carried out extremely professionally and at the cost we were quoted and within the timeframe we were told. Our tenants were also extremely satisfied with the service, which reflects well on us as landlords. Thank you APC Plumbing and Gas – we will most definitely be using your services again in the future."
